# DANIEL MATEOS LABRADOR

FULL STACK DEVELOPER

I am a passionate software developer, I believe that technology is our best chance to solve the complex problems we are facing. I am looking for a company aligned with this values, where I can keep learning while contributing to create systems that solve big challenges.

EXPERIENCE

Jun 2022 - November 2022

Worked as Fronted Developer for Attlos.

Key responsibilities:
- Develop React applications using Typescript and SCSS.
- Write code using TDD (with jest) and CDD (with Storybook) approaches.
- Review Pull Requests to ensure code quality and a pixel perfect match with Figma's design.
- Version control using Git.

Oct 2021 - May 2022

Worked as a freelance Full Stack Developer developing websites such as https://fada-var.fr.

EDUCATION

January 2022 - May 2022

Full Stack Web Developer Bootcamp
4GeeksAcademy, Spain

September 2014 - July 2018

Physiotherapy Degree
University of Salamanca, Spain

LANGUAGES

— Spanish (native)
— English (professional)
— French (elementary)
— Italian (elementary)

ACHIEVEMENTS

— Took care of the whole development process for a client website, from initial talks and requirements collection to final deployment, feedback, monitoring and maintenance.
— Mentored and reviewed the work of my coworkers in the frontend development team.
— Wrote unit tests for an in-production react web app previously untested.
— Created a react service to control properties of floating or fixed elements depending on the background elements using context, reducers and hooks.
— Created a react service to lazy-load images using context, reducers and hooks.
— Created a python algorithm that uses graph theory and backtracking to solve puzzles with brute force.

TECHNOLOGIES

— Languages: Typescript, Python, Javascript, HTML5, CSS3.
— Frameworks: React, Next.js, Express, Apollo, Jest, Flask, SQLAlchemy, Pytest, Emotion, Bootstrap, Material-UI.
— Databases: MongoDB, PostgreSQL.
— API "Patterns": REST, GraphQL.
— Other: AWS, Linux, Docker, Node, Git.

AVAILABILITY

Immediately available. Open to work remotely or to relocate.
